Certification, Rules and Regulations

The Colonial Newfoundland Club has been granted permission to hold these Draft Tests by the Working Dog Committee (WDC) of the Newfoundland Club of America (NCA).

These tests will be conducted in accordance with the Draft Test Regulations updated March 2018. Entrants are responsible for obtaining NCA Draft Test Regulations. Regulations are available online at <http://www.ncanewfs.org/working/draft/index.htm>

The Draft Test

The NCA Draft Test is a series of exercises designed to develop and demonstrate the natural abilities of purebred Newfoundland Dogs. While working in a capacity involving hauling, the dog and handler must demonstrate teamwork skills. The Newfoundland has historically functioned as a draft dog in various capacities, and the performance of these exercises is intended to demonstrate skills resulting both from natural ability and training that are applicable to realistic work situations.

The dogs must be willing to work with their handlers and the exercises must be accomplished efficiently. The goal of each handler is to maintain control while encouraging his dogs' natural independence; together, they demonstrate teamwork.

Acceptance of Entries

Exhibitors Please Note!

The Colonial Newfoundland Club is testing our new online registration program for this event. Online registration is OPTIONAL but your participation will help the NCA perfect this new program. Entries for this test will be accepted through the NCA's online registration service at <https://www.ncanews.org/wdc/> as well as through the traditional paper method. Entries submitted electronically will be assigned a postmark with the same date the entry is entered. Entries submitted by mail will be assigned the postmark given as per usual. Entries submitted electronically and via post will be considered equally in date order for slots in the test. NCA members will have the same early-entry window with both paper entry and electronic entry. If you are not a member of the NCA you will be prompted to provide the same contact information that you would provide on a paper entry once entries are open to non-NCA members. You will be prompted to enter or verify your dog's information and you will have the opportunity to upload an image of your dog's registration certificate. Please have an electronic version of your dog's registration form ready for upload before you begin the online entry process.

If you experience any problems please contact Dan Zimmerman, at dan@dogfishsoftware.com

Entries will be accepted by mail and entries requiring a signature will not be accepted. Entries must be postmarked no earlier than Monday, September 24, 2018 for NCA members and no earlier than Saturday, October 6, 2018 for non-members. Any entries received with a postmark prior to those dates will be returned to sender.

The available entry slots will be filled in the following manner: On October 19th all entries with an September 24th postmark will be assigned to available slot in the tests. If the number of entries with a September 24th postmark exceeds 12, a drawing will take place to determine who gets the slots and who is placed on the alternate list. If the number of entries with a September 24th postmark does not exceed 12, the entries with September 25th postmarks exceed the available slots, another drawing will take place. This process will continue until the entry is full.

Entries will close at the home of the Test Secretary at 6:00 pm on Friday, October 19, 2018, or before if the entry limit is reached. After that date, entries cannot be accepted, canceled, altered or substituted. All entries received after the entry is full will be placed on an alternate list in order of postmarks. If an opening should occur after entries fill, a drawing will take place to fill the vacancy and an alternate will be notified. To receive email confirmation that your entry has been received, be sure to include your email address CLEARLY on your entry form.
